PRODUCT DESCRIPTION

The above hanger and grommet kits provide an effective means for securing hybrid power and fiber cables throughout wireless applications. This versatile design ensures long-term integrity in extreme temperatures and UV to protect applications for the life of your system.

NOTICE

Installation of this product should only be performed by trained, qualified and experienced personnel. Installation instructions for this product should be read thoroughly before installation is performed. The manufacturer and supplier of this product disclaims any liability or responsibility for the results of improper or unsafe installation practice.

MATERIAL LIST

Kit of 10 Grommets
Kit of 10 Snap-Stack ® Hangers

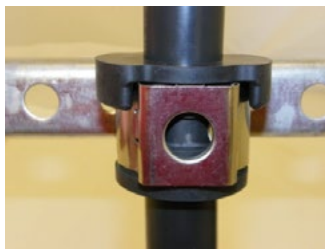

REQUIRED FOR PROPER INSTALLATION

- Snap-Stack ® Hangers

Hanger Installation

STEP 1

Install Grommet around cable as shown with winged section up.

STEP 2

Install Hanger around Grommet, then snap into 3/4" hole to secure the cable, cushion, and hanger into position.

STEP 3

Repeat step 1 and 2 when adding to an existing or double stacking.

Note: Grommet is designed to have a gap at the base.
