

CONxx: Nylon Screw Connectors

Features:

- Nonmetallic liquid-tight straight conduit connectors
- All-nylon construction resists salt water, gasoline, alcohol, oil, and common solvents
- Suitable for watertight direct burial applications when used with non-metallic flexible conduit
- No threading required; just push the conduit onto the ferule and tighten the domed sealing nut

Construction:

- Black nylon body with steel locknut

Design Criteria:

- UL and CSA listed

Part #	Size	Knockout	Length	Diameter
CON12	1/2"	1/2"	2"	1-3/8"
CON34	3/4"	3/4"	2-1/4"	1-3/4"
CON02	2"	2"	3"	3-1/4"
